Ace Mentor Scholarship
December 14, 2017

Jefferson (Philadelphia University + Thomas Jefferson University) is pleased to offer the Jefferson ACE Mentor Scholarship. The Jefferson ACE Mentor Scholarship is awarded to an incoming freshman student enrolling in the College of Architecture and the Built Environment who participated in the ACE Mentor Program.

LINK: <http://eastfalls.jefferson.edu/architectureandthebuiltenvironment/>

The scholarship is a \$15,000 award* renewable for 4-5 years (depending on the length of the undergraduate program).

Requirements:

- Apply for admission by March 1 to a CABE undergraduate program:
 - Architectural Studies (BS)
 - Architecture (B.Arch)
 - Construction Management (BS)
 - Interior Design (BS)
 - Landscape Architecture (BLA)
- Meet admission requirements for the intended major
- Submit a 300 – 500 word written reflection on the ACE Mentor Program (This reflection must be submitted as a pdf document and emailed to the following email address: ACEscholarship@philau.edu)
 - Why did you decide to participate in the ACE Mentor Program?
 - What has been the impact of the ACE mentor Program on you?
 - How will the ACE experience affect your future?
- Scholarship award notification will be provided by April 1.

*Please note financial aid packages are re-evaluated for ACE Mentor Scholars.

About the ACE Mentor program: <http://www.acementor.org/about-us/>

ACE = Architecture. Construction. Engineering.

The ACE Mentor Program of America, Inc. (ACE) helps mentor high school [students](#) and inspires them to pursue careers in design and construction.

It's now the construction industry's fastest-growing high school mentoring program, reaching over 8,000 students annually.

The ACE mission is to engage, excite and enlighten high school students to pursue careers in architecture, engineering, and construction through mentoring and to support their continued advancement in the industry.

ACE not only engages [sponsors](#) and volunteer [mentors](#) to expose students to real-world opportunities, it financially supports each student's continued success through scholarships and grants.

Since inception, ACE has awarded over \$14 million in scholarships to promising participants.

Practicing professionals attracting young people to real professions.

Who better to inspire a new generation of young people to start careers in an industry than the professionals currently shaping it? ACE uses working professionals to reach job seekers for the following vocations:

- Architects
- Interior Designers
- Landscape Architects
- Mechanical Engineers
- Structural Engineers
- Electrical Engineers
- Environmental Engineers
- Civil Engineers
- Construction Managers
- College & University Representatives

An education that goes well beyond textbooks.

By working with real professionals in real work environments, ACE students receive an invaluable hands-on education — they learn to understand the day-to-day workings of a business by living it, experiencing it, not merely reading about it.
