**CIRT National Design & Construction Competition**

**Competition Date: May 14, 2019**

frequently
asked
QUESTIONS

## COMPETITION RELATED

**Q. How many students will be making the presentation(s)?**
A.  Only <u>one</u> student will make the actual presentation, using only the boards sent in as the entry for support.

**Q. How long will each presentation be in the different rounds?**
A. The student will have approximately (15) minutes for his/her presentation, including questions from the judges.

## LOGISTICS RELATED

**Q. Will the awards/prizes be distributed at the event in Washington, DC?**
A.  The top three national winning teams will be presented with trophies. The actual monetary prizes will be handled through the ACE National office and distributed approximately a month after the actual competition (the funds being provided by CIRT).

**Q. Are the monetary awards earmarked or specified for a specific purpose?**
A.  No, CIRT intends for the funds to be used for the purposes, goals, and needs of each Affiliate as that organization sees fit . . . and does not direct where that is most appropriate.  The check or actual funds will be sent to the Affiliate (as opposed to the team).

**Q. Is there some help with off-setting the cost of attending the national presentation rounds in Washington, DC?**
A.  Yes, CIRT will allow a stipend of up to $1,000 per team to help off-set expenses that are incurred to travel to Washington, DC.  Funds will be distributed as a reimbursement once all the individual team forms and receipts are received and approved by CIRT.

It is our strongest desire to make this experience a most enjoyable and special time for the teams and all who participate in the **2019 CIRT National Design & Construction Competition**.
