### EARNING RECOGNITION

The Maine affiliate of the Architecture, Construction and Engineering Mentor Program held an awards banquet in June to recognize the achievements of local high school students who have participated in the organization's first year of mentoring activities and to present four Hampden Academy students with awards totaling \$2,000. In attendance were Ruey Yehle, Hampden Academy principal; Dana Humphrey, the dean of engineering at the University of Maine; John Rohman, president of WBRC Architects/ Engineers in Bangor; and Mike Seile, CEO of the Bangor YMCA. The students were assigned a project to complete, developing an empty lot into a Civic Center. The award winners were Coplin Fickett, \$1,000; Jon Clements, \$500; and a team of Rogan Winch and Kenneth Ginn, who each won \$250.
