ACE DC MAKES CHANGES TO ITS BOARD OF DIRECTORS

(Washington, D.C.) Michael McLarty, McKissack & McKissack's Vice President of Program & Construction Management, has just been unanimously voted onto the ACE DC Board of Directors.

Michael has more than 27 years of experience in engineering, construction management, program management and contract administration. He has provided oversight on a variety of projects, including transit and infrastructure, public schools' capital improvement programs, and military constructions. Michael holds a BS in Civil Engineering from the Polytechnic Institute of New York and has a diploma in land surveying from the College of Arts, Science and Technology in Jamaica. He is also a member of the American Society of Civil Engineers.

The ACE DC Board of Directors currently includes:

About the ACE Mentor Program – DC/MD/VA

ACE is an acronym for architecture, construction, and engineering. It is a unique partnership among industry professionals, college and university representatives and professional organizations throughout the Greater Washington Metropolitan Area. The ACE Mentor Program of DC/MD/VA is an award-winning, nonprofit organization whose mission is to enlighten and increase the awareness of high school students to career opportunities in architecture, construction and engineering – as well as other related areas of the design and construction industry – through mentoring and scholarship awards. The program makes a special attempt to reach students of all demographics; and those currently underrepresented in the industry.
