ACE DC WELCOMES ITS NEW OUTREACH COORDINATOR

(Washington, D.C.) The ACE Mentor Program of Greater Washington, Inc. is pleased to welcome Ms. Susan M. Muniz as its new Outreach Coordinator.

Ms. Muniz hails from San Antonio, Texas and moved to the Washington DC area less than a year ago. Susan graduated with a Bachelors of Arts in Psychology from St. Mary's University, a private liberal arts institution located in San Antonio. Following graduation, Susan became the Lead Presentation Specialist with her previous employer, a large national food distributor. While there, she created sales presentations and worked on proposals which succeeded in growing sales and acquiring new customers.

Susan has a long standing history as a volunteer for the San Antonio School Districts as both her parents are teachers in the area. She also has applied her psychology background and donated her time to work with the mentally ill at the San Antonio State Hospital.

About the ACE Mentor Program – DC/MD/VA

ACE is an acronym for architecture, construction, and engineering. It is a unique partnership among industry professionals, college and university representatives and professional organizations throughout the Greater Washington Metropolitan Area. The ACE Mentor Program of DC/MD/VA is an award-winning, nonprofit organization whose mission is to enlighten and increase the awareness of high school students to career opportunities in architecture, construction and engineering – as well as other related areas of the design and construction industry – through mentoring and scholarship awards. The program makes a special attempt to reach students of all demographics; and those currently underrepresented in the industry.
