ACE MENTOR PROGRAM
ARCHITECTURE • CONSTRUCTION • ENGINEERING
Indiana Affiliate Est. 2005

February 1, 2025

Support the Future of Architecture, Construction, and Engineering: Become a Sponsor of the 20th Annual ACE Mentor Program of Indiana Scholarship Dinner

We are excited to invite you to be a key partner in ACE Mentor Program of Indiana, where we're shaping the next generation of leaders in Architecture, Construction, and Engineering.

This year, our talented high school students have been challenged to conceptualize an innovative Performing Arts Center. They are developing creative solutions to design challenges, applying the skills they've learned through the ACE mentorship program.

On May 7, 2025, at the Biltwell Event Center, our students will present their concepts, demonstrating the progress they've made and the practical skills they've gained throughout the year.

The goal for our 20th anniversary is to exceed last year's \$72,000 in scholarships, empowering more students to pursue careers in the ACE industries. Your sponsorship will help provide these students with the resources and mentorship they need to succeed and become tomorrow's industry leaders.

By becoming a sponsor, you'll be investing in the future of our industry while simultaneously increasing your company's visibility among emerging talent. This is a unique opportunity to connect with future leaders early in their academic careers and demonstrate your commitment to workforce development and community growth.

We've attached our sponsorship levels for this year, and we would be honored to have your support. Together, we can make a lasting impact on the future of our A-E-C industries and help even more students achieve their career dreams.

If you're interested in learning more or would like to discuss sponsorship opportunities, please feel free to reach out to me, Ashley Collins, at acollins@hgmetals.com.

Thank you for considering this opportunity to make a meaningful difference in the lives of young people and the future of our industry. We hope to have you as part of our team!

Sincerely,

A handwritten signature in black ink that reads "Ashley Collins".

ERIN - LAWRENCE TOWNSHIP ACE TEAM

“ACE was monumental in helping me get where I am today. The mentorship and opportunities I was exposed to helped me determine the path I wanted to take. It opened my eyes to a career I never thought I could be in as a woman and even helped me reach my goals through scholarships, internships, and long-lasting industry relationships. I am forever grateful for the day I decided to attend my first ACE session.”

“With many influential companies and industry officials that support the program, being an ACE member or alumni will open opportunities. For me, these opportunities were an internship, networking connections in the industry, multiple scholarships, education, etc. I would recommend high school students at least try one meeting because I never would have found all of these great perks without taking a chance on it.”

JACOB - WARREN CENTRAL ACE TEAM

“I wanted to get into construction, but I was unsure where to start in high school...until I joined ACE. Now, I am working for a major construction company as a Superintendent which is why I’m thankful I was able to join the program. It allowed me to connect with the industry, gave me early career experience, and created opportunities that otherwise would have been missed!”

BERNARDO - ARSENAL TECHNICAL ACE TEAM
