

The Future of Construction

Power Construction Scholarship

Founded in 1926, Power is a management-owned construction company that focuses on the Greater Chicago Metro area. Power is ranked #1 on Crain's Chicago Business List of Largest General Contractors but more importantly, the Chicago Tribune has recognized Power Construction as a Top Workplace for the past five years. Our aim is simple... understand the expectations of clients, architects and subcontractors, then work hard to exceed those expectations. We do this by investing in our relationships, our people, and our community for the long term.

In alignment with our commitment to continually invest in our community and promote construction management awareness at the high-school level, Power Construction offers scholarships focused on supporting female and/or diverse high school seniors intending to pursue a degree in a construction-related major in college. We look forward to helping you set your career up for success from the start!

- Anticipated graduation from a Chicagoland area high school
- Female and/or Minority
- Intent to pursue a Bachelor's Degree in: Construction Management, Construction Engineering, Civil Engineering or other construction-related major
