7,276 completed

10,316 national students enrolled

96 completed

107 Twin Cities students enrolled

of ACE Seniors directly enter college

of ACE Seniors enter college planning to study ACE related majors

MISSION

Our mission is to **engage, excite, and enlighten** high school students to pursue careers in architecture, engineering, and construction through mentoring and to support their continued advancement in the industry.

ACE not only engages sponsors and volunteer mentors to expose students to real-world opportunities, it financially supports each student's continued success through scholarships and grants.

Since inception, ACE Twin Cities has awarded over **\$100,000** in scholarships to promising participants.
